## Addendum #1

The purpose of this addendum is to replace the **Bid Letter Requirement** paragraph on page 6 of the bid document with the following:

**Bid Letter Requirement**: With its bid response, the Vendor MUST provide a letter from Lenovo, HP, or Dell that references this bid number **173-18010** and confirms that the Vendor is a Certified Partner authorized to sell the products required in this bid. Letters provided for prior bids shall not meet the requirement for this bid. Failure to provide the manufacturer's letter with bid proposal will render bid non-responsive.
