OVERALL SCOPE OF PROGRAM

The purpose of this Invitation for Bids is to obtain pricing for and select a vendor to provide a Cost per Copy (CPC) program for the Cumberland County Schools system. The selected vendor shall provide multi-functional digital devices with print, copy, scan and fax capabilities throughout CCS at a fixed price per copy. The vendor shall furnish, deliver, install, properly train and maintain to the end user’s complete satisfaction, **NEW EQUIPMENT** (not used, reconditioned, refurbished, newly remanufactured or remanufactured equipment). This program shall include **ALL** operating supplies (excluding paper and fax supplies) and **ALL** service requirements as necessary to meet the current and future copy/print demands generated by the school system.

NEW EQUIPMENT (not used, reconditioned, refurbished, newly remanufactured or remanufactured equipment) may be added at any time during the program period. CCS will **NOT** be charged any additional costs. All equipment added will be coterminous with the original program.

CCS shall compensate the awarded vendor on a **PER COPY** basis, which shall represent the total compensation to the vendor. The vendor shall **NOT** inflate this **PER COPY** rate for the duration of this agreement. However, the vendor may decrease the rate at any time during the program term. CCS will **NOT GUARANTEE** any daily, monthly or annual volumes to the awarded vendor. However, CCS has produced a total of approximately 70.4 million black & white pages and 2 million color pages in the last four quarters.

The costs for maintenance, supplies, drums, staples, repairs, all taxes (excluding NC sales tax) and other applicable items must be included in your proposed cost per copy. Vendor will provide any receptacles that are required to operate the devices. CCS’ only cost in operating the devices is paper and fax supplies if a standalone fax machine is needed. There will be no CPC on standalone fax machines.

The awarded vendor must average a two to four (2 to 4) hour service response time on all service calls. A qualified, factory trained service technician must respond to each service call. Frequent neglect or

deviation from this response time will result in the termination of the program. Upon arrival to any school or department for service calls, the service representative must notify CCS personnel of his/her arrival.

Training for the “key operator” and other departmental personnel shall be provided within 24 hours after installation. On-going training is to be provided as needed at NO additional cost to CCS.

The awarded vendor shall maintain complete ownership of the equipment for the duration of the program. Upon completion of the program the vendor shall have no more than two (2) weeks to remove all of its equipment. There will be NO costs to CCS for any removal charges and/or freight expense. If vendor fails to comply, CCS may forward the equipment to the vendor on a “collect” basis by common or contract carrier.

CCS shall exercise reasonable and appropriate insurance guarding against fire, theft, vandalism and other acts that a reasonable owner would normally maintain.
